Experience

Odine Solutions

SQA Engineer & Technical Writer | October 2017 – Feb 2023

Conducted comprehensive functional and non-functional testing for various web and mobile applications, ensuring high-quality deliverables aligned with business requirements. Utilized bug tracking tools to monitor and report project progress, identify issues, and ensure timely resolution.

Authored a range of technical business documents, including Business Requirement Documents (BRDs), Functional Specifications, User Manuals, and other end-user documentation.

Project Coordinator | December 2018 – Feb 2023

Ensured effective communication across teams and organizations to drive project efficiency.
Managed schedules for reviews and task monitoring, created product sitemaps, and maintained detailed project documentation, plans, and reports.

Internship (QA) | June 2017 – September 2017

Tested VoIP applications, maintained bug sheets & performed other testing tasks.

Crymzee Networks

Technical Writer | October 2018 – October 2022

Prepared different technical & non-technical reports & documents.
